Shahid,

We have also discussed this internally and cannot give W&T, or any other potential bidder, access to stakeholders at this stage.

Again, we would welcome W&T's participation in the process subject to a regular-way NDA, please let us know if you will reconsider.

Best Regards,
Curtis

Curtis,

We discussed this restriction at length internally and concluded that we must independently engage with Arena's lenders as a matter of due diligence. We must verify that the creditors will support the process and sale.

Do you have a suggestion how we might do that?

Shahid,

This process is no different than any other A&D or M&A process you have participated in and as such, this NDA does not allow you to communicate with a seller's lenders. We would welcome W&T's participation in this process if we can get aligned on a regular-way NDA, let us know if W&T wishes to reconsider its position on this provision.

Best Regards,
Curtis

Greg,

Happy to discuss with Arena's GC if you'd like, but we laid our position out in a letter to him last week and that position has not changed.

If you want us to participate in this process, you must not restrict our ability to engage with Arena's creditors in any way. We will not sign any NDA which attempts to do that, and as we said in our letter, we will not consent to the disclosure of any data or information related to any fields in which we own an interest as part of this process.

We are a natural buyer for these assets and are very interested in looking at them. Let's resolve this quickly so we can move into the data room.

Steve,

As we start to schedule Dataroom Presentations, we wanted to reach out to see if we can get your team involved in the process. Please let us know if there is any room to negotiate in regards to the prior version of the NDA you submitted to the company. If needed, we'd be happy to set up another call with the Arena's General Counsel.

Please advise when you have a chance.

Best,
Greg

Steve,

The mark-up is not acceptable for this process and is not in line with A&D processes in general. W&T will not receive any special treatment in this regard. Please execute the previous version and revert if you wish to participate in the process.

Best,
Greg

Greg,

I followed up with Lien and the consents to allow the disclosure of confidential information was sent in error. At this time, Land and Legal are working the NDA. Hopefully common ground can be struck sooner than later.
